* CNES indicates the Identification Number, at the National Registry of Health Establishments (CNES), of the one where the vaccine was administered.

** This registry refers to a vaccine administered abroad and documented in Brazil from the transcript of the vaccination certificate presented at the Health Unit.

This document complies with ordinance GM/MS n° 1533, from august 18 of 2016, which redefines the National Vaccination Calendar, the Indigenous National Vaccination Calendar and the National Vaccination Campaigns, within the scope of the National Immunization Program (PNI), throughout the national territory.
